Are you looking for a reasonably priced bow blind?

This blind is ideal for that perfect personal spot—quiet, solid, and built for the moment that matters most.

No sound. Windows open smoothly for that once-in-a-lifetime hunt.

And if you value family time in the field, look no further. My son and I have spent countless precious hours hunting together; a lifetime of memories made, one season at a time.

20-20 VISION

6' x 6' - \$3695

The King of Blinds

We've taken an already exceptional hunting blind and made it even better.

Upgraded design features include *fewer blind spots*, *smoother-operating windows*, and a *scent-proof interior* to keep you undetected. For the ultimate edge, we also offer an optional ozone unit, professionally installed for maximum effectiveness.

Add a Buckeye Blind seat, and you'll quickly realize — *there's nothing more you'll need.*

RIFLEMAN

\$1495

The Winner of Blinds

For 21 years, this proven model has stood the test of time—trusted season after season for its durability, quiet performance, and unmatched value. It delivers high-quality construction at a price that makes sense, making it one of the most dependable blinds on the market.

For father and son, this isn't just a blind—it's where traditions begin and memories are made.

We are now *wrapping all window frames in steel* for enhanced weather protection, *adding durability and increasing the value* of every blind we build.

Not seeing exactly what you want? *Give us a call. We can—and will—build it to your specifications.*
